

PHYSICIAN PRACTICE RESOURCES

## *Compliance Program Solutions*

Physician Practice Resources offers Compliance Program Solutions designed to help physician practices comply with federal and state regulations. Having a solid compliance program helps to reduce exposure, fines and penalties by identifying potential problems before they become overwhelming. We have the expertise needed to assist physician practices with preventing, detecting, and correcting potential compliance issues. We will guide you through the process of developing/evaluating and revising your compliance program.

## *Our Services*

Depending on your specific needs we will:

- Design your program
- Conduct an in-depth analysis of your current program
- Conduct in-depth interviews
- Review system processes
- Assess risks associated with any inappropriate activity
- Calculate potential repayments
- Build a proactive compliance program
- Provide compliance training
- Use our physician group operational experience to make recommendations to change processes and systems in order to correct identified problems
- Develop and implement action plans to ensure changes are efficiently made

## *Representative Experience*

Working with large healthcare organizations that have experienced coding and billing issues, we have reviewed innumerable documents and other forms of data and subsequently investigated resultant issues. Consistently, we have been able to pinpoint the source of the problems.
