

PHYSICIANPRACTICERESOURCES

## *Revenue Cycle Solutions*

**Physician Practice Resources** offers Revenue Cycle solutions geared specifically around the physician office. As the healthcare reimbursement environment continues to grow in complexity, a new level of expertise is required to understand the administrative and clinical implications of all aspects of the physician office revenue cycle.

## *Our Services*

We provide services specifically designed for physician groups. Our solutions are key components to each revenue cycle function including:

- Patient Scheduling
- Insurance Verification
- Third Party/Patient Billing
- Account Follow-Up/Inquiry
- Payment Processing/Posting
- Remittance Processing
- Denials Management
- Charge Tickets Reviews and Updates
- Management Reporting/Usage

## *Representative Experience*

We offer cost-effective and creative solutions to problems related to the capture, billing and collection of much needed health care revenue. Our staff has worked across the country and has in-depth Physician Practice revenue cycle experience. Further, they are keenly aware of the challenges that you face each and every day and have the proven track records to assist you in solving problems and carrying out your responsibilities and objectives.
